

INSTRUCTIONS for INSTALLATION of DKU-2 CABLE

Installation of PC Suite Software

(Please do NOT connect cable to your PC at this stage)

1. Download the latest version of PC Suite from Nokia Website:
www.nokia.com/pcsuite OR, if you wish, use the PC Suite on the free CD provided
2. Follow the prompts and you should install the PC Suite easily
3. Remove any disks and reboot the computer, WITHOUT connecting the cable

FAQ:

- You do not normally need to install driver for DKU-2 as it is installed with the PC Suite
- This PC Suite requires Windows 2000 or XP as Operating System

Connection of the DKU-2 cable

1. After your computer is rebooted, attach the cable to your phone and then plug in the cable to the USB port on your computer
2. Follow any on-line instructions presented to you by your system
3. Open the Nokia PC Suite software program. There should be an icon on your desktop which was created during the installation process
4. Select the "Synchronise" option
5. Click on <OK> a few times to get out of the section
6. After 15-20 seconds you should see the words "Phone Connected" message on the task bar on your computer
7. Your new cable is now ready for use

Windows Vista Users:

Please go to <http://www.nokia.com/A4144936> to download the USB Driver and PC Suite for Windows Vista. You may also find detail installation guides there.

- Please note: The instructions here may only be used for information only, the actual installation might not happen exactly as instructed, due to the product development, and various settings of PCs, and the software versions etc.
